## CIA fund scrutiny pledged

# Inflation trend eases slightly

(C) Washington Star

WASHINGTON — The moderating trend of inflation continued last month, the Labor Department reported today.

With grocery prices declining slightly, the overall consumer price index rose 0.6 per cent, the department said. This was the same rate of rise as in January, and far below the average monthly increase last year, when the index soared 12.3 per cent.

Pointing up the moderating trend of inflation, the department said consumer prices nationally rose at a seasonally adjusted annual rate of 8.1 per cent from November to February, down from a 13.4 per cent rate in the preceding three months.

This was the smallest price increase since mid-1973, the period of tight price controls.

However, there is some concern that the respite from severe inflation may be brief. Administration officials warn that excessive federal budget deficits and other moves to fight the recession may trigger a new surge of inflation.

The 0.6 per cent rise of consumer prices nationally from January to February was adjusted to discount seasonal influences. It

woulds out to an annual rate of 7.4 per cent compounded, meaning that if prices continued rising 0.6 per cent a month they would be 7.4 per cent higher next February.

In absolute terms, without seasonal adjustments, prices rose 0.7 per cent last month 11.1 per cent above February 1974. The index last month stood at 157.2, meaning that it cost \$157.20 to buy an assortment of goods and services that could have been purchased for \$100 in the 1967 base year.

There were notable price increases last month for medical care, utility charges, rent, housing, clothing and some foods. These increases were partially offset by lower prices for meats, sugar and used cars.

Within the total index, seasonally adjusted prices declined 0.1 per cent for food purchased in grocery stores for home consumption.

Grocery prices last month were above February 1974, and the total food index was up 8.9 per cent over the year.

Prices of goods other than food increased 0.8 per cent in February to a level 12.2 per cent higher than a year earlier.

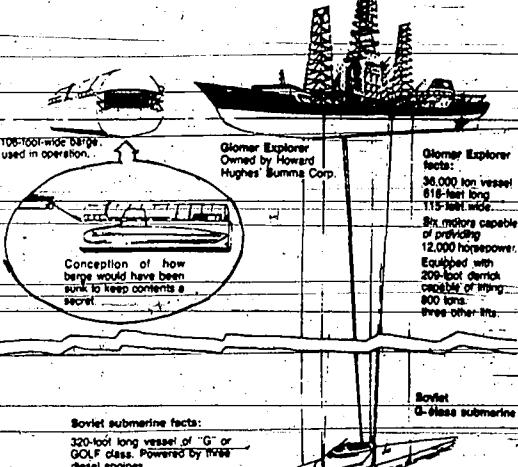

Services increased 0.8 per cent, which put these prices 11.1 per cent above February 1974.

## CSI gains semi-finals

HUTCHINSON, Kan. — The College of Southern Idaho advanced to Friday's semi-finals of the national junior college basketball tournament with a 69-51 victory over Westchester, N.Y., Wednesday evening. The Golden Eagles play Utica, Miss., at 6 p.m. MDT Friday. Utica downed Vincennes, Ind., 75-59, Wednesday.

Gary Yoder's 16 points led the Eagles past Westchester. CSI led 39-18 at the half and hit 57 per cent of its field goal attempts. (Details, p. 20)

## Artist conception of Soviet submarine recovery efforts

### Soviet submarine facts:

320-foot long vessel of "G" or GOLF class. Powered by three diesel engines. Normally carries 12 officers and 74 men.

Building of GOLF-class began in 1958 and was completed in 1961-2. Warship sunk in 1966.

During recovery efforts last August, technicians were successful in grabbing and lifting submarine to about 8,000 feet when lifting devices failed. Part of sub had been to float.

ONE WAY ship Glomer Explorer might have retrieved the sunken Russian submarine under cover of sea floor mining operations is illustrated in this drawing, prepared by a news service artist. (UPI)

WASHINGTON (UPI) — Some members of Congress say the Central Intelligence Agency's quest for a sunken Russian submarine wasn't worth the money and that Congress should more closely supervise CIA's secret budget.

Other congressmen defended the operation, in which a CIA-sponsored research ship last year raised part of a Soviet submarine, armed with nuclear missiles, from the bottom of the Pacific Ocean near Hawaii.

The cost of the operation hasn't been officially confirmed, but several reports put it at \$350 million, and members of Congress are talking about that figure.

High intelligence sources say they got useful information from the part of the G class Russian submarine they retrieved, even though it was one of Russia's older subs, diesel rather than nuclear powered.

Had they raised the whole vessel, they would have gotten Russian nuclear missiles and probably found code devices with which they could decipher seven-year-old messages and learn about the deployment of nuclear warheads around the world when the sub went down in 1968.

While the actual documents and equipment on the sub would be outdated, they would open a window on Soviet thinking about nuclear warfare, one intelligence source said.

Congressmen said that despite President Ford's June summit with Soviet leaders would not be damaged by disclosure of the incident.

"I don't see how it could upset the summit unless they determined we were responsible for sinking it," said Sen. John Sparkman, D-Ala., chairman of the Senate Foreign Relations Committee.

The sub broke in two during the salvage effort, and the portion containing nuclear missiles and top secret, though outdated, Russian codes sank to the bottom.

The specially designed salvage boat, owned by billionaire Howard Hughes under a secret CIA contract, was damaged.

Before the story broke, intelligence sources said the CIA was planning to try to raise the rest of the submarine this coming summer, but that appeared doubtful after the public disclosure.

(Continued on p. 27)

## today in brief

### Henry delays shuttle

#### Senate won't limit tax cut debate

WASHINGTON (UPI) — The Senate today refused to limit debate on a \$29.2 billion tax cut bill, leaving it bogged down in a dispute over whether to increase Social Security benefits, and how to raise oil company taxes.

The vote was 58-38 — one short of the 60 needed under the new Senate rule requiring 60 votes instead of the former two-thirds majority.

#### India due 800,000 tons US wheat

WASHINGTON (UPI) — The United States has agreed to ship 800,000 tons of wheat worth \$128 million to India under the easy credit terms of the Food For Peace program, officials announced today.

The aid agreement, which had been under negotiation for months during a period of strained U.S.-Indian relations, was the first Food for Peace deal with India since the fiscal year ending in June, 1971.

#### 'Serious'

LOS ANGELES (UPI) — Omar N. Bradley, 82, the nation's only surviving five star general, was in "very serious" condition today following a stroke.

He is a patient at the UCLA Medical Center, where he was admitted early Monday. Doctors said Bradley is not paralyzed but guarded reports left little hope for his recovery. They said there was no connection between the stroke and surgery in 1974 for blood clots on the lungs.

#### Ford optimistic about future

WASHINGTON (UPI) — President Ford said today that while the consequences of war are more terrible than any time in history, the prospect of world peace and prosperity "is closer than ever before."

Ford, in a speech prepared for delivery at the State Department to an audience including foreign diplomats, made no specific mention of the uprising in communist attacks in Indochina or of Secretary of State Henry A. Kissinger's current efforts to advance a Middle East peace settlement.

#### GM recalling 4,000 laid-off workers

DETROIT (UPI) — General Motors Corp. said today it is recalling another 4,000 laid-off workers, almost all of them from Michigan, because of increased output of its compact and subcompact car models sometime after April 1.

But at the same time, the automotive giant said it would idle 2,330 workers at its truck and coach division in Pontiac, Mich. All but 300 of them will be on furlough for one week starting March 31.

#### Briton flays CIA agents' cover

LONDON (UPI) — A Labor member of parliament today followed up on charges that the U.S. Central Intelligence Agency employs 10 Americans disguised as "diplomats" at London embassy with the allegation that the CIA also wiretaps telephones and monitors mail in Britain.

## Russian sub outside strategic limits

© Washington Star

WASHINGTON — The type of Soviet missile submarine that the CIA attempted to raise from the bottom of the Pacific Jacks "sufficient strategic menace to the United States in itself to be counted within strategic arms limitations."

After some initial disagreement, the submarine has been identified as of the Goliath class, powered by diesel engines and batteries, not a nuclear plant.

Gold boats, of which the defense department says 20 are currently operating, carry three missiles with a range of approximately 300 to 400 miles, depending on which of two types of missiles is aboard.

There were reports Wednesday, however, that the partially successful CIA submarine expedition found indications that the submarine was carrying more sophisticated missiles with a much longer range.

There is no agreement on whether to count the submarine as a strategic arms limitation.

An interim agreement on submarine-launched ballistic missiles between the United States and the Soviet Union set a limit of 82 modern missile submarines with a total of 936 missiles aboard. The Russians have said they intend to bind to the full extent of the agreement.

If that happens, the Soviet Union will be

required under the agreement to retire its Hotel class submarines, contemporaries of the Gulf boats but nuclear powered. Each Hotel carries three 700-mile range missiles.

The interim agreement also provides that if any "modern" ballistic missiles are placed on missile boats, they must be counted against the ceiling of the agreement.

Source said Wednesday the Gulf boat sank in 1969 after a series of explosions detected by Navy seal team divers.

A study of Soviet naval developments published in April of last year by the U.S. Navy says a Gulf class boat sank in 1969. It is thought to be the same submarine.

The navy study said the boats were of questionable reliability and "blunted strategic threat."

Because of the limited range of the missiles the submarine carries, it is thought to be analogous to U.S. forward-based nuclear delivery systems such as those in Europe which also are not counted within strategic limitations.

If that happens, the Soviet Union will be

## Russians test missiles

MOSCOW (UPI) — The Soviet Union said today it had successfully carried out four days of missile tests in the South Pacific.

An announcement by the Tass news agency said the area 2,000 miles south of Hawaii is now open to shipping and planes.

The U.S. Defense Department said the Soviet Union Monday test-fired one of its new missiles, probably an SS-8, over a 9,200-mile range into the area.

The missile, which carried room for a single warhead, was launched from central Asia, a Defense Department spokesman said. It was one of the longest firings ever recorded.

The Soviets originally announced the tests would continue until March 31.

### New probe target

THE CIA submarine recovery will be included in the Senate probe, Sen. Frank Church, D-Idaho, said Wednesday. "The disclosure suggests the intelligence community may need a cost-benefit ratio," he said. "If we are prepared to pay \$100 million for an obsolete Russian submarine, it's no wonder we are broke," (UPI)

Riley and Karen Toney, both Wendell, and Mrs. Everett Ward Jr., Richfield. — Dismissed — Mrs. Fred Hartley, Wenzel, and Mrs. Shirley Tripp, Jerome. — Births — Sons were born to Mr. and Mrs. Timothy Chandler, Pifer, and Mr. and Mrs. Everett Ward Jr., Richfield.

### Gooding County

Admitted — Eugene Miranda, Bob Vevers and Clyde Osborne, all Gooding. — Dismissed — John Platz, Shoshone; Mrs. Charles Crooker, Jerome; Rick Patterson, Bliss; Earl Reed and Max Hill, both Gooding. — Births — A daughter was born to Mr. and Mrs. Burton Bruns, Gooding.

### Wins honor

TWIN FALLS — South Central Idaho Retired Teachers Association will meet Friday at the Rogeron Hotel at 12:30 p.m. in luncheon.

TWIN FALLS — Twin Falls Grange No. 216 will have a card party Friday at 8 p.m. at the grange hall for members and their guests. Refreshments will be served.

### Now You Know

By United Press International — The Jack rabbit is not a rabbit, but a hare; and the Belgian hare is not a hare, but a rabbit.

### Soviet tug snooping Hawaii

HONOLULU (UPI) — A Soviet tugboat is on an unknown mission off Hawaii, military officials confirmed late Wednesday.

The Russian tug, one of a variety known to be

capable of sophisticated spying activities, is in the general North Pacific area off Hawaii where a Soviet submarine sank in 1969. A CIA's sponsored research vessel has recovered portions of the hull.

A spokesman for Adm. Noel Gayler, com-

mander in chief of all U.S. Pacific forces, said

the tug has approached to within 40 miles of Oahu's northern shoreline. It has remained in

international waters, the spokesman said.

Authorities declined to speculate on what the Soviet vessel is doing or where it is headed. She is apparently alone.

The vessel is not maintaining a course where it could observe a 10-day, four-nation war games exercise west of Hawaii involving 41 ships and 17,000 men. The Soviet vessel is not concentrating on any submarine-war fare tactics.

Meanwhile, an environmentalist charged

Wednesday that CLT funds to finance the Cham-

Explorer, which was used to recover part of the

sunk sub, were channeled through the Federal

Maritime Administration

### Many mystery ties between Hughes, US

TWIN FALLS — Mrs. Verna Zikes, 83, Twin Falls, former Pifer and Kimberly resident, died Wednesday afternoon at a local nursing home following a short illness.

Born Nov. 26, 1891, in Edgewood, Mo., she

married William Zikes in Brule, Colo., in 1914.

They came to Edgewood in 1927 from California and later moved to Kimberly. Mr. Zikes died Feb. 17, 1972, in Twin Falls.

Mrs. Zikes was a member of the Kimberly

Nazarene Church.

Survivors include one daughter, Mrs. Everett

Lorain Hughes and one son, Carroll Zikes, both

Twin Falls; two sisters, Myrtle Bronson, Decatur, Iowa, and Pearl Sage, Garden Grove, Calif.; two brothers, Ed Omestead, Roseville, Calif., and John Omestead, Laramie, Iowa; five

grandchildren and eight great grandchildren.

Funeral services for Mrs. Zikes will be at 3:30 p.m. Friday at White Mortuary Chapel by Rev. Roy Jones. —Funeral services will be in Sunset Memorial Park.

## ATTENTION ALL POTATO GROWERS

The 1974 potato contract negotiated by Potato Growers of Idaho Inc. for pre-season potatoes contained a \$4.00 base price for all potatoes containing fifty percent U.S. No. 1's and twenty three percent tenoz and larger. Additional incentive payments for U.S. number ones and tenoz and larger added approximately forty cents per cwt. for all useable potatoes resulting in an average payout of \$4.40 per cwt.

The results of two recent 1975 contract bargaining meetings between Potato Growers of Idaho Inc. and the J.R. Simplot Company are as follows:

Potato Growers of Idaho Inc. have offered the J.R. Simplot Company basically the same contract terms as 1974 with minor modifications.

The J.R. Simplot Company's offer to Potato Growers of Idaho Inc. is a \$3.00 base price with incentives topping out a \$3.30 per cwt. limit, or a \$3.15 per cwt. shovel up price less tote and unuseable contract.

Additional tote penalty factors proposed by the J.R. Simplot Company specifically changing minimum size limits from one-and-one-half-inch to one-and-three-quarters inch and other changes would further reduce the amount of useable potatoes five to seven percent less than 1974 figures.

We urge all growers to refer to their 1974 settlement sheet, factor the payable weight per acre by five to seven percent and multiply \$3.15 for an approximate figure for their 1975 crop on this proposal.

Preliminary figures by Potato Growers of Idaho Inc. indicates a \$1.65 per cwt. reduction from the 1974 contract.

The J.R. Simplot Company indicates they intend to attempt to contract potatoes for 1975 on these terms.

Potato Growers of Idaho Inc.-Simplot's bargaining committee, cannot accept the terms of this proposal since it is unrealistic and below the cost of production.

Potato Growers of Idaho Inc. members are reminded of their commitment to our organization and we ask for your continued support.

Negotiations are currently under way with other major processors on a statewide basis.

LORAYNE SMITH

20 years

## In 1948, Michael won the neighborhood Soap Box Derby. He's been hungering for a roadster ever since.

It was the thrill of a 12-year-old hearing streaking across the finish line ahead of the other neighborhood kids in a homemade racer. Forever after, Michael had visions of his very own sports car. Even at 55 miles per hour.

Finally, one day he walked into The Bank & Trust installment loan department and explained that recurring dream. Instead of the lecture he expected about "inexplicable transportation," he got his loan. In a few days, he was buzzing around the Magic Valley in a bright red, needle-nosed roadster—in third gear most of the time, but enjoying it just the same.

That's just how we do things at The Bank & Trust. We do make loans according to strict corporate policies. We're right down the hometown people, and we know our neighbors need money for a bit of

different reason. We're willing to listen to all of them. Chances are, if your reasons make sense to you, they'll make sense to us.

Next time you need money for any worthwhile purpose, see an installment loan officer at The Bank & Trust. You'll get a sympathetic ear.

And a quick answer.

## Cancer Society honors five volunteers

TWIN FALLS — Five volunteers were honored for a total of 85 years of service to The Twin Falls County unit of the American Cancer Society Wednesday night.

Harold Hove received a certificate and plaque for 25 years of service. He was treasurer of the county unit for many years and also worked with the society in Kimberly.

Dr. Vaughn Pond, medical chairman, and Ina Howard, memorials chairman, each received a 15-year certificate, and Dr. Lorraine Smith, a 10-year certificate. The awards were presented by Lorayne Smith, publicity chairman, who was given a 20-

year certificate by Neil Harrel, unit vice president.

Steve Berg, crusade chairman, reported on final plans for the annual fund drive scheduled during April. He said Barbara O'Marra, Kimberly, has taken the position of Twin Falls residential chairman and Ralph Carpenter will head the business section. John Purcell is working with radio and TV coverage.

Between 20 and 25 persons will be contacting their former club with the business section and there are about 10 residential area captains, each

with between 5 and 10 workers, Berg said.

Goal for the county is \$13,796. Coral Saunders, Buhl branch chairman, reported the Buhl kickoff is slated Tuesday at 2 p.m. with a tea for workers at the home of Mrs. Shelly Williams, Buhl crusade chairman.

Mrs. Saunders said 30 women were examined at the Christian Church in Buhl recently in a breast self-examination clinic, with 10 referred for further medical treatment.

Ronnie Fraehlich, service chairman, reported she is

visiting with 16 cancer patients in the area and the society is helping them with cost of transportation for treatment and dressings. Sick room equipment also is available on loan through the American Cancer Society, she said, and part of the money raised during the crusade is used to help local patients with a maximum of \$200 per patient.

Mrs. Howard reported \$1,000 was received in memorials since Sept. 1, 1974, the beginning of the society's fiscal year.

Rose McKinney, public education, reported some 400

women in the Twin Falls area have seen the breast self-examination film.

She said any group wanting a program on cancer education should contact her at 744-4363.

Waldeene Peterson and Dorothy Summers, who head the Reach to Recovery service program for women who have had breast cancer, reported they will meet with nurses at the Twin Falls clinic to explain the services to them.

The women provide encouragement and physical and emotional assistance to women who have undergone mastectomies.

# Curley name no longer magic in Boston

Thursday, March 20, 1975 Times-News, Twin Falls, Idaho 9

BOSTON (UPI) — The name of "Curley" in Massachusetts once had the magic now associated with the name of Kennedy.

But that's try to tell that to Francis Xavier Curley, the last of those Curleys.

Francis Xavier Curley, 51, is the son of the late James Michael Curley, who was mayor of Boston, governor of Massachusetts, and a

congressman. But Francis Curley, for 32 years a Jesuit priest, lives in a one-room apartment on South Huntington Avenue. Every two weeks he gets a \$76 check from the state Welfare Department. He stretches that by buying stamps.

It was Curley's father who gave food baskets, laden with eggs and trimmings, to the poor at Thanksgiving and Christmas. And he was a

sucker for the underprivileged and gave them silver dollars.

His father was sold to believe while serving a jail sentence.

James Michael and Mary Elizabeth Curley had nine children. A couple of them married, but none had any children. The rest of them have died, leaving Frank alone.

Curley's pigtail came to light recently when he was featured

speaker at a meeting of the Curar Smokers, Humidor 4. He was invited because of his wit.

It was during the speech that he casually mentioned he was on welfare because there aren't many jobs for ex-Jesuits.

"I left the order because I felt my usefulness as teacher had come to an end. I didn't have an ex-nun waiting for me, and I didn't leap over the wall," he explained.

Curley doesn't harbor any bitterness.

My greatest boast is that my father died broke. What other politician in Massachusetts died broke? He was a millionaire twice, and he was broke three times," he recalled.

Someone asked why those that his father helped hadn't rallied to his support. Curley replied, "I don't know. Promises."

Curley vividly reminisced about his high life in the federal penitentiary at Danbury, Conn., when the older Curley was serving a sentence for mail fraud.

At that time his father told him, "Frank, all my life I have followed the Biblical injunction — cast your bread on the waters. You've done that all my life. You know what happened, Frank? The damned ducks ate it all up."

## MV youth joins Job Corps

TWIN FALLS — Robert E. Schuyler, 19, is the seventh Magic Valley youth to join the Job Corps.

He left Wednesday for El Service, Toppenish, Wash., for training in heavy equipment, according to Sam Overacre, Magic Valley Job Corps representative at the state employment office here.

An eighth grade dropout, Schuyler has been living with his grandmother, Mrs. Alta Duffy, Filer. His mother, Alma May Hall, lives in Carey. Overacre said the Job Corps provides basic education classes for school dropouts to prepare for the GED high school equivalency test and also provides many types of vocational training.

The agency gives members opportunity to live in a community under regulations they and their peers decide.

When Schuyler returns to Twin Falls area, the job placement service of the Idaho Department of Education and the Operating Engineers Union will be available to help him, Overacre said.

The employment department official said youths between the ages of 16 to 21 are encouraged to contact him to learn more of the vocational training opportunities through the Job Corps.

Twelve other youths are waiting for assignment in the program — from this area — Overacre said.

## Phone book supply short

TWIN FALLS — Twin Falls area telephone users are getting new phone directories this week, but they'll only get one per residence unless they request more.

Mountain Bell district manager Kenneth G. Mann said that about 50,000 new phone books will be distributed in the Twin Falls area.

In the last 10 years, the number of phones has "almost doubled," according to Mann.

Ship Prototype  
Perhaps the first vessel powered by twin-screw propellers similar to those that drive modern ships was the "Little Jullian," a steamboat invented by Col. John Stevens that chugged from New York to Hoboken in May, 1804.

Swensen's encouragingly announce . . .

# 3 THINGS THAT CAME DOWN! WAY

Swensen's Magic Markets naturally expect to get a \$5.00 news tip from the Times-News for this story about sugar going below 40¢ lb. If you will remember, it was a front page story every time sugar went up 10¢ a pound, but since it has gone down 25¢ a pound, there hasn't been a sugar exclusive on page one yet. After all, grocery stores could use a little POSITIVE Publicity too . . . And

besides sugar, the prices of margarine and potatoes have dropped so far it's hard to believe! Other good things are going down too . . . like beans, rice, cooking oil, shortening, mayonnaise, salad dressing and flour. So going to Swensen's will be more fun than ever now . . . or at least less painful. FOR PRICES GOING DOWN AND GREAT SAVINGS, PLEASE READ THE WHOLE AD.

## Swimmer waives trial

OXNARD, Calif. (UPI) — Swimming star Esther Williams has waived a jury on drunken driving charges and submitted the case to a municipal court judge.

Judge Albert Blandford said Tuesday he will determine the 53-year-old actress' guilt or innocence on the basis of various evidence, including testimony on an unspecified medical problem. Miss Williams said may have caused her to fall a sobriety test.

# Regional panel funds squeak past Gem House

BOISE (UPI) — House Republicans sent Gov. Cecil D. Andrus a message Wednesday when they allowed his supplemental appropriation for the Pacific Northwest Regional Commission to pass by three votes.

When the 25-vote appropriation came up for final consideration on the floor, the GOP, after talking it over three rounds,

Andrus had voted to appropriate to the Joint Finance-Appropriations Committee.

He had used committee funds to make standstill appeals for 15 of 73 districts to stay in Idaho during the legislative session.

The commission was a federal attempt to set up "regional government."

Appropriations Chairman William Roberts, R-Buhl, gave the measure a small assist when he

outlined some of the programs conducted by the commission.

"He said good things could be done if the money were used properly."

And he added that his committee could not continue to bring the House this kind of information without an appropriation.

Atmosphere tenses flared on the floor and the GOP started to appeal a decision from the chair when Rep. Russ Wetherberg, D-Soda Springs, acting speaker, ruled Rep. Kitty Gurney, R-Bear River, out of order for continuing mentioning Andrus' name in debate.

Later, Wetherberg said his ruling was just an advisory one cautioning her not to mention Andrus' name or office during debate.

## Andrus requests prison probe aid

VANCOUVER, Wash. (UPI) — Gov. Cecil D. Andrus plans to ask Oregon and Washington to help the Idaho attorney general in a federal investigation of the Idaho State Prison.

A spokesman for the governor during a meeting of the Pacific Northwest regional commission here Wednesday said a spokesman for Andrus said the governor had decided to launch an independent investigation of the charge against the prison, the Board of Corrections and the director of corrections.

The charges have been made by inmates of the prison in letters to the governor.

Attorney General Wayne Erickson said he accepted the committee assignment with a reluctance that he would be given a free hand as the investigation

Kidwell already had three members of his staff investigating into the allegations made by the prisoners.

A spokesman for the governor said the plan is to form a committee with prison personnel from Oregon and Washington, Kidwell or his representative, and two members of the Idaho news media.

Last week, the governor had the board of Corrections respond to allegations made by the inmates that they were being mistreated at the prison, that personal property had been taken from them, and that there is a shortage of clothing for the inmates.

Additional allegations were made Tuesday, and Andrus said he would ask the state director of corrections, Dan Erickson, to respond.

## Utility aide backs rate hike request

POCATELLO, Idaho (UPI) — The proposed 4.4-cent-per-kilowatt-hour rate hike to be tested Wednesday on behalf of the company's request for a 1.5-cent-per-kilowatt-hour increase through a one-cent rate increase.

President E. A. Hunter told a state Public Utilities Commission hearing the rate increase is essential to cover

expenses of operations.

He said there is a need to increase the company's revenue in order to legally defer a sale of bonds and generate stock in April and November to finance construction of power generating facilities.

A temporary surcharge to recover expenses from a mechanical failure at the Nauvoo generating station in

Wyoming was also requested.

The plant broke down in December and Hunter said it will take at least six months to get the plant back in operation.

He said the surcharge, which would amount to a 3 per cent hike for 1975 only, is needed to purchase more expensive power to replace energy lost from that plant.

The proposal also calls for a 39.2 per cent rate hike for Idaho irrigation pumping power users. That would generate about \$1.5 million for the company.

The HPPC granted the company an increase which became effective in January this year, but Hunter said the company's earnings had "continued to deteriorate."

## Obscenity trial goes to jurors

CALDWELL, Idaho (UPI) — The Top Theater obscenity trial was expected to go to the jury today after more than a week of testimony and viewing of triple-rated movies.

The defense rested its case Wednesday and the prosecution called one rebuttal witness, Dr. F. F. La Murr.

La Murr, a psychiatrist, said he had testified in the "Devil in Miss Jones" case.

He said the film "The Devil in Miss Jones" is utterly without redeeming social value because the sex acts are mechanical and show a lack of feeling, overrating on a genuine basis.

Under cross examination by defense attorney Robert Hirsch of Tucson, Ariz., La Murr agreed that sexually explicit photographs which he and other psychologists use in counseling do not show commitment between the humans and abstract mechanism.

He admitted that a film such as "The Devil in Miss Jones" conceivably could have some educational value to individuals who had never seen it before.

The movie is one of three triple-X rated films cited in criminal complaints against Jason Williams, Top Theater owner, and Robert Loya, his employee.

## Indians withdraw

WAGNER, S. D. (UPI) — Armed Indian militants ended their three-day occupation of a meat packing plant on the Yankton-Sioux Reservation Wednesday just minutes before orders to force them out would have taken effect.

The militants won amnesty for the takeover, a 15 per cent pay raise for plant workers, improved advancement opportunities for Indians and agreements setting up tribal participation in plant operations.

The occupation stemmed from dissatisfaction over white management of the plant, in which the Yankton Sioux tribe holds a controlling interest.

## Distrust passing peak?

POCATELLO, Idaho (UPI) — Frank Mankiewicz, the presidential campaign manager for Sen. George McGovern, D-S.D., during the Watergate break-in, says the political distrust syndrome may have passed its peak.

Speaking at Idaho State University student-sponsored Issues and Speakers Forum Wednesday night, Mankiewicz said large numbers of Americans began losing faith in their elected leaders during the years of President Lyndon Johnson.

He said the situation reached its largest proportion in the final year of the Nixon Administration. But Mankiewicz said recent court decisions and the actions of President Gerald Ford appear to be rebuilding the public's faith.

The actions of individuals, the courts and institutions in handling the Watergate scuttle is a sign there is hope today, Mankiewicz said.

"Without damaging institutions or writing new laws, the process of the legal system proved it could work."

Looking ahead to 1976, Mankiewicz said whatever President Ford's policies, his biggest assets are his candor and believability.

"In the eyes of the voters, any presidential candidate's

first qualifications will be that he is not another Lyndon Mankiewicz."

He said the main question

Americans will have to ask themselves about their country's political future is how long will it take before the voters believe what their leaders tell them.

At the beginning of the restoration of confidence has already begun he said.

## Agriculture in Idaho is no small potatoes

Literally and figuratively.

Idaho Russet Burbank potatoes are known the world over for their quality and adaptability to various cooking styles. The result has been world-wide acceptance that has made Idaho synonymous with potatoes.

But agriculture in Idaho isn't just potatoes. It's many things . . . beef, dairy products, wheat, beets, beans, alfalfa, fruit, which are just a few of the more than 50 agricultural commodities raised in the state. Between 40%

and 60% of the value of all the goods and services produced in Idaho depends in some way on agriculture. Idaho is second only to South Dakota in the percentage of personal income that comes directly from farming. Idaho is more dependent upon agriculture than any other state in the West.

Even jobs are dependent upon agriculture. About 1 in 2. A full 18% of all jobs in the state depend on agriculture directly. And when you figure the jobs related indirectly, it jumps to 40% to 60%.

Agriculture is Idaho's single most important industry. As such, it needs the understanding of all of us. We all have to help keep agriculture viable and productive. After all, it's no small potatoes.

For more information about how Idaho farmers and ranchers need you as much as you need them, write Idaho Wheat and Bean Commissions, Suite M, Owyhee Plaza, Boise, Idaho 83702.

The Idaho farmer. You need him. He needs you.

## Coal-gas research wells dug

IDAHO FALLS, Idaho (UPI) — The Federal Energy Research and Development Administration is nearing completion of an exploratory drilling program in Montana and Wyoming. It could lead to the development of in place, underground coal gasification.

The administrator, in conjunction with the Lawrence Livermore Laboratory in California, is investigating the possibility of fracturing deep coal seams with chemical explosives and burning the fractured coal while it is still underground to produce a clean substitute for natural gas. The project has a budget of \$13.5 million.

Four test wells have already been drilled in Bureau of Land Management property in Wyoming, and fifth will be started Tuesday just north of Decker, Mont. A sixth test hole will be drilled on Kemmerer Coal Co. land near Kemmerer, Wyo. All of the test wells are being drilled in the coal-rich Powder River basin that stretches through southeastern Montana and northeastern Wyoming.

Cores from the wells will be analyzed at the Livermore laboratory, and later this spring one or two sites will be chosen for further study, the administration said.

The "Field Research" will continue for about five years.

### DeMolays celebrate

GETTING ready for a pancake supper planned from 5 to 9 p.m. Saturday in the Masonic Hall are Steve Ohns, master councilor, Twin Falls chapter of the DeMolay; Bill Moran, president of the Twin Falls Shrine Club, and Mark Newby, the youngest member of the local DeMolay chapter. The supper is \$1.50 for adults and \$1 for children and climaxes a week-long celebration of the founding of the DeMolay order.

### Valley plans hoop game

VALLEY SCHOOLS — Valley SOS will sponsor a basketball game between the SOS ladies and high school girls at 7:30 p.m. Saturday at the Valley High School Gymnasium.

A mission will be by donation.

at the door with all proceeds going to the Valley SOS to be used by the individual grade school classes at Eden and Hazelton, and by the high school music department.

The game will be complete with special male cheerleaders and possible half time entertainment.

SOS officers ask that members donate pies, cakes, cookies and other baked goodies that can be sold during the evening.

## Salmon River free of winter ice

SALMON — The ice is out of the main Salmon River and the Middle Fork of the Salmon. John Oakley and Mark Crager of Salmon, apparently were the first leaders to find the lower Middle Fork this season.

They were "down" to the Flying H airstrip and set off down river March 12 in a 10-mm rubber raft. They reached the mouth of the Middle Fork March 15.

Oakley said they took time to inspect Indian caves and search for old trails. They spent four days and three nights on the river, camping at

Elk Bar in the vicinity of Popoosa Creek and at Otter Bar.

They saw 12 mountain sheep and a couple of otter. And there were a lot of mountain lion tracks.

Oakley said, he has been floatating the lower river each year in March because there are not many people on the river then.

"Last year we had 12-foot high walls of ice along the river but this year there were none. Things appear pretty dry down along the river without any low snow," he commented.

At night it turned cold and

they had to thaw out their water tank every morning.

The ice jam hasn't seen much boating activity since that stream opened up because of the closing of the steelhead season again this year.

Jet boaters usually are active from the time the ice goes out until mid water, hauling fish, particularly salmon, below the confluence of Salmon River Road. A few light seining trips are being arranged.

Norman Guth, Salmon, president of the Idaho Outfitters and Guides Association, said not much activity is expected until bear hunting

## Hospital shows scheduled

TWIN FALLS Fourteen talent acts sponsored by the local Disabled American Veterans will travel to Boise Saturday to perform at the Veterans Home and Hospital.

Commander Keith Johnson said that 14 groups from Mauve Valley schools will sing, play guitars, act and do other numbers for the Boise veterans.

The DAV Auxiliary will furnish homemade cookies, coffee and punch, he said. A bus will pick the groups up at several stops in the area, 1:30 from the boating area, 1:30 at the DAV Hall at Harrison and Shoup in Twin Falls; 1:45 from Cindy's Cafe, Jerome, and at 2:30 from the new cafe East of Bliss.

Johnson said the bus trip would be financed by a future talent show, to be held March 29 in the College of Southern Idaho Auditorium.

## briefs

SPRINGDALE The next meeting of the Happy Homemakers Extension Club will be April 21 at the home of Mrs. Wayne Woodland, vice-president.

BLUFFETT The River Reivers Square Dance Club will have a dance Saturday at 8:30 p.m. at the old Imperial army building. Caller is Gerald Hurst. A potluck supper will be featured after the dance.

# Abby

By Abigail Van Buren

© 1975 by Chicago Tribune-N.Y. News Synd., Inc.

DEAR ABBY: A few years ago, you had a letter in your column in the form of advice to a girl who was in love with a married man. It started with: "Never expect to see him on Sundays or holidays."

I remembered it because I had once been in love with a married man and you really hit the nail on the head. Had I known that my own daughter would be in need of such advice, I would have saved it.

I hope you can locate it, because your column is the first thing my beautiful (but dumb) 27-year-old daughter goes for in the Chicago Tribune.

Thank you. HER MOTHER

## Special advice

DEAR MOTHER: I located it. And here it is: "Dear Abby: May I give you readers the benefit of my valuable experience? I address this to any woman who is in love with a married man."

Never expect to see him on Sundays or holidays. Never call him at home.

Don't ever expect him to take you out in public, but be prepared to let him at your place. He may bring a bottle or the steaks occasionally, but in actual dollars and cents, you will spend more on him than he'll spend on you. Never depend on him in times of personal crisis.

Don't believe him when he tells you that his wife is a shrew, cold, homey, too fat (or too thin), and she hasn't slept with him in ten years.

Don't ever expect his wife to divorce him if she ever catches him. She knows that you are not his first and won't be his last. Also, she is not about to give up her social status, financial security and retirement income because of you. However, her discovery will probably terminate his affairs with you, so be prepared to get along with him, circumspect, and find another man whose wife is a shrew, cold, homey, too fat (or too thin), and hasn't slept with him for ten years. Sign me...

HIS WIFE"

DEAR ABBY: I read in your column that a man had accidentally discovered in his friend's library some books which this friend had borrowed from him about 15 years before. It reminded me of a saying I picked up in Argentina.

"Hay dos clases de estupidos, los que prestan libros y los que los devuelven," which means, "There are two kinds of fools. Those who lend books, and those who return them." BOULDER, COLO.

DEAR BOULDER: You should have left that saying in Argentina. I don't agree that only a fool returns books he has borrowed. In English he would be called a "thief." And in Spanish, an "aprovechador."

DEAR ABBY: The letters concerning wedding expenses point to the need for questioning our traditional practice of the bride's parents paying for the wedding. This is a carry-over from the days when daughters were considered financial liabilities, and parents were eager to get them married off.

Times have changed! Today many young people of marriageable age are working, and some earn more than their parents.

Why can't the bride and groom pay for their own wedding? When my husband and I were married, 36 years ago, we paid our own money and paid for our wedding and reception, since my parents couldn't afford it. I've known parents who have gone into debt to give their children big, fancy weddings. And at the stage in their lives when they (the parents) should be setting aside money for their own retirement.

PAID OUR WAY

DEAR PAID: Hark! We're making progress. Many of the younger generation prefer a more modest and meaningful wedding to those fancy, formal extravaganzas that would have Papa robbing Peter in June to pay for it in July. And I say hooray for the kids!

Everyone has a problem. What's yours? For a personal reply, write to ABBY: Box No. 69700, L.A., Calif. 90069. Enclose stamped, self-addressed envelope, please.

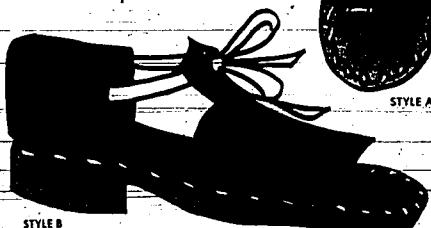

For Abby's new booklet, "What Teen-agers Want to Know," send \$1 to Abigail Van Buren, 132 Lasky Dr., Beverly Hills, Calif. 90212. Please enclose a long, self-addressed, stamped (20¢) envelope.

## Palm Sunday smorgasbord set by TF Altrusa Club members

TWIN FALLS — The Twin Falls Altrusa Club will sponsor a Palm Sunday Easter Seal smorgasbord, from noon to 3 p.m. at the Turf Club.

The public smorgasbord is an annual event sponsored by the club, according to Mrs. Adele Stoddard, community service chairman, and will be catered by Leo Soran.

Tickets for the dinner are \$1.50 plus tax for adults and \$2.75 plus tax for children under 12.

The club's girls of the month will be on hand to serve along with the Altrusa members, their scholarship winner and Girls State delegate.

All proceeds from the smorgasbord will go directly to

the local Easter Seal center which serves youngsters from throughout Magic Valley. These children have speech, hearing or motor coordination problems.

Most of them have normal intelligence, according to Mrs. Adele Stoddard, director of the Easter Seal Center, but have visual perception, auditory discrimination and motor coordination problems which often cause problems in school.

"The main aim of the Easter

Seal Center is to prove problems and this is the reason we want to find high risk babies and start birth to prevent problems," Mrs. Stoddard said.

Mrs. Stoddard urges parents who have babies who are not progressing as fast as they should to call the Easter Seal Center for an evaluation. She says she has been trying to help people realize for 15 years that the early help does make a difference.

## Filer units have party

FILER — The Filer American Legion and Auxiliary had its annual birthday party Monday evening at the Legion Hall.

Paul Brown served as master of ceremonies during the patriotic dinner.

Jim DeVall, Filer fire chief, spoke on safety in the home and on the ranch. Mrs. Claire Theenor, music director at the Filer schools, presented a group of students in a patriotic program.

Mrs. Richard Tucker, auxiliary president, was in charge of arrangements for the event, assisted by Mr. and Mrs. Loren Anderson and Mr. and Mrs. Bob Molenhauer.

PRESIDENT of the Twin Falls Altrusa Club, Norma Heslering, left, and Teresa Meyerhofer, one of the club's girls of the month, announce the Palm Sunday Easter Seal smorgasbord sponsored by the club. The event is set from noon to 3 p.m. at the Turf Club. All proceeds will go to the Easter Seal Center.

## Knight turns the table on slam,

dummy's seven and Sir Tristram played the king without any apparent thought. Declarer put out the ace and then did not think. That four spot might well have been fourth best of five, in which case South wanted to do anything possible to prevent a club ruff. He laid down his ace of hearts and played a second heart. Tristram "took his" king and declarer did not think to give his partner the deadly ruff, that South had tried to avoid.

## 44-CHRD Service

The bidding has been: 20 West North East South.

Pass 1  Pass 3 N.T.  
Pass 4  Pass 6   
Pass Pass Pass

Opening lead: 4

By Oswald & James Jacoby

When Tristram de Lyons arrived at King Arthur's court, he arrived in King Arthur's company. But he was not a very bumptious. But it did not take him long to prove himself with sword, lance and shield. He became one of the two or three most feared Knights of the Round Table.

It took him a trifle longer to show that he could handle himself just as well at the bridge table. A few hands such as today's did the trick for him.

He sat East and as any one, can plainly see, South is cold for seven hearts with all finesses working for him. In addition to this West opened the four of clubs. South played

# your health

Dear Dr. Thoseson:  
Why do some people have such a hard time losing weight? I am a female, 35 years old and 100 pounds overweight. I've been on a diet for six weeks and have lost only five pounds, all during the first week. I am eating between 700 and 900 calories today. I had my thyroid checked three years ago and it was fine. I work every day on my feet and I'm very active. I am getting very discouraged! —Mrs. P.H.

Don't be impatient. It took you a long while to put on the excess pounds, so unless you are going to change your habits with a crash diet, it is going to take a while to remove it.

In the vast majority of cases, glands, especially the thyroid, have little to do with weight gain. I keep telling my readers that obesity is quite simply a matter of overeating. It's been shown that persons who have been fat since childhood have an increased number of fat cells, and these cells are larger than normal ones. Such are the facts of the matter.

The formula for losing weight is simple: eat less. If you do not consume excessive calories you won't gain weight. If you eat down them, you lose weight.

Patience  
key in  
dining

By George C. Thoseson, M.D.

So you are on a proper course with your restricted diet. One point, though. You don't mention salt restriction. Salt promotes water retention—and dieters do tend to consume more liquids than they normally would. This sounds pretty obvious, but I've known many to ignore this fact and then wonder why they weren't losing weight. Eventually, water retention becomes a key factor as dieting progresses, and the pounds begin slipping off.

But you are right. Some people do lose faster than others; and if we know why, we'd have the answer to a no-fare weight loss program without.

But remember that weight loss is not a matter of steady decline, but of dips and plateaus. You lost five pounds your first week, then reached a plateau. I'll bet that by the time you read this you will have reached another plateau after your second decline. That is, if you have not given up in frustration in the meantime.

Keep at it. When you are at the weight you desire, you will find that after all the dips and declines, ups and downs, your average weight loss was something like two pounds a week.

If you can't do it alone, join one of the several weight-loss therapy groups around.

You are a young woman, and getting back into your old dress size is going to be worth all the waiting.

It does no good to scold you about having allowed yourself to put on all that extra weight. Yet, it remains a source of amazement to me why folks will let themselves get into such obesity problems when all the road signs leading to them are so clearly marked.

My booklet on reducing contains the elements for sensible weight loss. It's called "Lost Secrets of Reducing." For a copy send 35 cents and a long, stamped and self-addressed envelope to me in care of this newspaper.

MR. AND MRS. ALVIN FENSTERMAKER

## Open house slated for Castleford pair

**CASTLEFORD**—Mr. and Mrs. Alvin Fenstermaker of Castleford will be honored at an open house Sunday in observance of their 30th wedding anniversary.

The event will be at the home of their daughter and son-in-law, Mr. and Mrs. Emery Wanks. Mr. and Mrs. Leon Fenstermaker and Mr. and Mrs. George (Maxine) Watson, all Burley; Mr. and Mrs. Dave (Alice) Cantrell, Salmon; Mr. and Mrs. Jerry Connie Freeman, Gooding; Mr. and Mrs. Charles Fenstermaker, Salt Lake City; and Mr. and Mrs. Darrell (Della) Littler, Filer.

The couple requests no gifts.

## Open house Sunday

**CASTLEFORD**—Mr. and Mrs. Guy Kinney will be honored with an open house from 2 to 5 p.m. Sunday in observance of their 25th wedding anniversary.

The event will be at the

couple's home, one and one

fourth miles west of Castleford.

All friends, neighbors and

relatives of the couple are

invited. The couple requests no gifts.

**Dear Dr. Thoseson:**  
Last year I had a major operation. Steel wire was used in suturing. Will this in time come out and puncture tissues or organs? —Mrs. E.N.

Very fine steel wire is often used in suturing (stitching), especially in deep surgery where relatively large sections of tissue must be joined, or where a great pressure might be exerted.

The wire is perfectly antisepic, and causes no reaction. Steel wire seems to get along pretty well together. Surgical techniques have developed to such a fine art that any chance of such suturing becoming loosened is virtually non-existent. Your surgeon would have removed it had he deemed it necessary.

## Valley selects new officers for SOS

**VALLEY SCHOOLS**—New officers were named to the Valley School Organization. Supporters Tuesday night in a regular meeting at the Hazelton Elementary School.

Mrs. Trudy Winter was elected president, replacing Mrs. Rev. Gardner. Hall Larson was named first vice-president; Mrs. Barbara Banch second vice-president. Mrs. Judy Holland secretary and Mrs. Pat Lockwood treasurer.

Members also voted to give this year's Valley SOS funds to the Hazelton-Eden grade schools for use in vocational classes, and to the music department in the Valley High School.

Jerome County Deputy Sheriff Tate Ball presented a lecture on drugs and their implications on society. Ball said children, parents, police, judges and legislators must all take a more intelligent look at drugs before the growing drug problem can be solved.

Ball said he was concerned with the apathetic attitude of "we don't have a drug problem around here" that prevails in the area. He displayed a large table of drugs that had been confiscated in Jerome County.

Jerome and Twin Falls counties, Mr. and Mrs.

Clyde E. Wright will be honored at an open house in observance of their 25th anniversary Sunday.

The open house will be held from 2 p.m. to 5 p.m. at their residence, three miles west and two and one quarter miles south on the Clover Road. All friends of the family are invited by their children who are hosting the event for their parents.

The couple requests no gifts.

The wire is perfectly antisepic, and causes no reaction. Steel wire seems to get along pretty well together. Surgical techniques have developed to such a fine art that any chance of such suturing becoming loosened is virtually non-existent. Your surgeon would have removed it had he deemed it necessary.

Copyright, 1975 Field Enterprises, Inc.

"Boise is the major clearinghouse for drugs coming in from Canada," he said. He emphasized that parents must present intelligent and truthful answers to their children before they will be convinced that drugs are harmful.

Fifth grade students used choral readings, songs, slides and tape recordings to present a "partitive program."

Thoughts About America

Mrs. Gardner announced the basketball game between the junior and high school girls that will be sponsored by the

Valley SOS. The game will be held at 7:30 p.m. Saturday at the high school gym. Admission will be donation. All proceeds will go toward this year's SOS project.

# Blaine County's high jobless rate pays off in federal grants

## BY BART QUESNEL

**Times-News Writer**

**HAILEY** — Blaine County's high unemployment rate is paying dividends to the county to the tune of \$120,000 in federal grants.

Under a new Department of Labor program, Title 37 of the Comprehensive Employment and Training Act, huge grants of money are being funneled into depressed employment areas.

Idaho alone has received \$1.7 million under the Emergency Jobs and Unemployment Assistance Act signed into law by President Ford the last day of 1974. His signature allotted \$725 million to depressed areas across the US in an attempt to get many unemployed people back on the work force.

Even more money may be forthcoming. Jim McFarland, director of the Idaho Human Resource and Development Council, said Tuesday the US House of Representatives has passed an additional \$1.6 billion bill for similar grants, money still depressed areas.

The bill will have to pass the Senate and be signed by

President Ford before the monies are allocated. McFarland said he was hopeful the bill would be passed in April.

Margie Byard, a manpower specialist in Hailey, said Ceta V, will develop 200 to 300 jobs over the state. Close to 200 of these positions have been filled already in the last two weeks, she said.

Grant monies are awarded on the basis of the unemployment figures in each community. The higher the unemployment the more money will be awarded to put people to work.

The greater proportion of money went to northern Idaho counties, McFarland said, partly because of the depressed timber and lumbering markets and the accompanying stagnant building industry.

Kootenai County received the greatest amount of money, \$228,000.

Bonner County received \$160,000, Clearwater county \$125,000 and Blaine County was fourth highest, receiving \$120,000.

## IRS hikes interest rate

**ODGEN** — The interest rate for taxpayers who are delinquent in paying federal tax bills, or have been granted extensions of time to file, will jump to 9 per cent beginning in July.

The higher interest rate will be charged on all overpayments by taxpayers, will also pay 9 per cent interest, starting July 1. Interest becomes payable if an overpayment is refunded to a taxpayer more than 45 days from the due date of the tax return, or from the date of the return's receipt by the IRS, whichever is later.

The government, which now pays 5 per cent interest on overpayments by taxpayers, will also pay 9 per cent interest, starting July 1. Interest becomes payable if an overpayment is refunded to a taxpayer more than 45 days from the due date of the tax return, or from the date of the return's receipt by the IRS, whichever is later.

7 to 10 p.m., will review basic aeronautical principles and offer advanced instruction in navigation, meteorology, flight computers and federal air regulations pertaining to instrument flight.

Billed as a "refresher" course for currently rated instrument pilots and as preparation for a written examination, the course will cost \$36, including materials.

Don Van Orden will be the instructor and the class will be limited to 20 students.

For more information, call Helen Evans, or Marvin Glasscock at CSI, 321-5551.

# Plants set 'shutdown'

BURLEY — At least two Mini-Cassia food processing plants will shut down for a week's "holiday" Monday.

The J.R. Simplot plant, "Heyburn," and the Ore-Ida plant, Burley, will halt production during Easter week.

Ore-Ida plant manager De Nelson said the Easter layoffs are not unusual. His plant shut down during the same week the past two years, he said.

However, Simplot plant manager Fred Jens said his plant did not shut during the same period a year ago.

During the past four months workers in the potato processing industry have been idled several times as food processors built up inventories that could not be sold.

Thousands of Idaho workers were laid-off during the two-week Christmas and New Year's period and hundreds of workers in the Mini-Cassia area were again idled the first week of February.

According to the Idaho Department of Employment's "Regional Manpower Review," backlogged inventory caused curtailment of production at several area potato processing plants in February.

The "Review" noted "many of the small supportive companies to processing industry also curtailed operations because of the industry slowdown."

Ore-Ida's Nelson said at this time he wouldn't turn the potato processing industry as "depressed," but he said "I isn't good."

Earlier this week Ore-Ida's plant No. 1 was shut down for a day when boiler blew up.

The accident occurred as the boiler fuel was being changed from gas to fuel oil, Nelson said.

The plant receives natural gas on an interruptible basis and has switched from gas to oil hundreds of times without incident, Nelson said.

However, Monday a malfunction in the electrical system of an automatic gas valve caused the explosion.

Nelson said there were no injuries and no other equipment was damaged in the explosion.

According to Nelson, the destroyed boiler was only one of four, and the plant is back in normal operation.

## today in brief

### Shooting victim 'improved'

TWIN FALLS — The victim of a shooting during an apparent family argument Wednesday is listed in improved condition but serious today at Magic Valley Memorial Hospital.

Burl Lawrence, 49, Twin Falls, was listed in critical condition early Wednesday morning after he was taken to the hospital for treatment of a gunshot wound in the abdomen.

According to Sheriff Paul Conder, Lawrence apparently was injured in an argument with his wife, Doris, at the family's home south of Twin Falls.

Conder said Wednesday that Mrs. Lawrence said she was struggling with her husband for a pistol when the gun discharged, injuring him.

No arrests have been made in the case.

### Jerome meet tonight

JEROME — The Jerome County Farm Bureau will have a meeting on illegal drugs and drug abuse at 8 p.m. tonight.

Making the presentation will be the Jerome County Sheriff's Department. The meeting is open to the public and refreshments will be served.

### Council meet set in Jerome

JEROME — The Jerome Planning Council will meet at 8 p.m. tonight at Wood-Cafe.

The planning council will be discussing transportation, employment, historical and architectural, commerce, industry and recreation programs.

Pat Smith, council secretary, said the committee is drawing the first draft of the comprehensive plan for Jerome County. She noted that anyone is welcome to attend the meeting.

### Public hearing tonight

JEROME — There will be a public hearing at 7:30 tonight at Wood-Cafe to consider the proposed design and location of one seven tenths miles of State Highway 79.

This is the second public hearing on the proposed expansion of the highway south of Jerome from the city limits to the Tipperary plant.

The project would consist of advance right-of-way purchase and new construction along the route of the highway.

According to highway officials, the new four-lane of the present road would be shifted 23 feet west. The new four-lane would also have a 10-foot paved strip along each side for cyclists and pedestrians.

She will be honored at a luncheon April 19.

Dr. Merry said while veterinary medicine is a profession, it also is a business. "The veterinarian who can't manage a hospital, balance books, tactfully collect bills and pay those he owes, inventory drugs, or work with his employees, will not have the chance to practice long."

POCATELLO (UPI) — Dr. Linda M. Merry, a local veterinarian, has been selected businesswoman of the year by the Idaho State University chapter of Phi Theta Kappa for professional businesswoman.

She will be honored at a luncheon April 19.

Dr. Merry said while veterinary medicine is a profession, it also is a business. "The veterinarian who can't manage a hospital, balance books, tactfully collect bills and pay those he owes, inventory drugs, or work with his employees, will not have the chance to practice long."

However, "there is a strong feeling that new businesses should locate either in the traditional downtown shopping areas or be located in a shopping mall. Strip commercialism, in addition to being a poor arrangement for doing business, is overwhelmingly disapproved of by the community."

The "handwaving of the industrial revolution is being slowed" in Twin Falls County because "wealth is making a gradual but general shift in the direction of agricultural areas," the draft says.

"World-wide trends for growth in population and moderately lesser amounts of food-industry—that our primary economic base, agriculture, will be healthy in financial and social terms."

But it "appears that there may be a few difficult years ahead for some agriculturalists before costs are steadily exceeded by income."

The energy crisis is having its effect and escalating petroleum products costs will tend to minimize the profit family income of agriculturalists."

(Continued on 11)

## TF planners study growth

However, "there is a strong feeling that new businesses should locate either in the traditional downtown shopping areas or be located in a shopping mall. Strip commercialism, in addition to being a poor arrangement for doing business, is overwhelmingly disapproved of by the community."

The "handwaving of the industrial revolution is being slowed" in Twin Falls County because "wealth is making a gradual but general shift in the direction of agricultural areas," the draft says.

"World-wide trends for growth in population and moderately lesser amounts of food-industry—that our primary economic base, agriculture, will be healthy in financial and social terms."

But it "appears that there may be a few difficult years ahead for some agriculturalists before costs are steadily exceeded by income."

The energy crisis is having its effect and escalating petroleum products costs will tend to minimize the profit family income of agriculturalists."

## Grand champion

### Champion bull named

A Hereford bull owned by Ernest Olson and sons, Logan, Utah, was named grand champion bull Wednesday at the Twin Falls County Fairground.

A Hereford bull owned by Nangle Herford Farms, Nampa, received the reserve champion bull title.

The two winners were selected from a class of 18 bulls during Wednesday's grading which preceded Thursday's spring range bull sale.

Grading results produced 11 bulls, 30 A, 45 B, and 27 B bulls, making a total of 120 to be sold during the sale. There were 45 bulls taken out of the sale because they did not meet required specifications for the four classes.

The trophies for the top winners were presented during a get-together dinner Wednesday for consignors and buyers at the Rogerson, Twin Falls, Ken Troutt and Bill Rehm are auctioneers for today's sale.

# Palmer to make run at winning

JACKSONVILLE, Fla. (UPI) — The Greater Jacksonville Open doesn't have a real favorite this year.

The top names on the pro golf tour — Jack Nicklaus, Johnny Miller, Lee Trevino and Gary Player — are all taking the "off" off so this \$15,000 tournament gets underway Thursday with a lot of journeyman players and young Turks.

That could be just the break that Arnold Palmer has been needing.

The 45-year-old Palmer is off to a respectable start this year,

ranking 17th among the top money winners, and after skipping last week's Doral Open, he says he is ready to make it up this week.

"I haven't really played that hard the last few years,"

Palmer said Wednesday. "My biggest problem has been a lack of confidence in my short game, and that has affected my long game as well."

"I'm rededicating myself to golf this year. I'm spending more time with it."

Palmer, winner of 61 tournaments and first man to win \$1 million on the pro golf tour,

said he has been receiving a lot of mail from people urging him not to retire.

"They say they don't care how I'm playing, just don't quit," said Palmer. "Well, I've never intended on quitting."

Top money winner playing in the Greater Jacksonville Open is native Floridian Bob Murphy, who is second on the list with more than \$77,000.

Only two other 1975 tour winners are playing here this week. They are Gary Grotz,

who earned his first PGA victory in the Hawaiian Open, and San Diego champ J.C. Shead.

Nicklaus won last week in Miami and Trevino the week before at Orlando. The current "big four" in golf is expected to be reunited next week at the Heritage Classic at Hilton Head, S.C.

Murphy, lives at Hilton Head, Nicklaus helped build the course there, and Player has announced that he will return to the United States next week after his usual winter sojourn back home to South Africa.

Other regional matchups, tonight include:

• East: North Carolina (22-7) vs. Syracuse (20-7) and Kansas State (19-0) vs. Boston College (21-7) at Providence, R.I.

• Midwest: Louisville (25-2) vs. Cincinnati (22-5) and Maryland (24-4) vs. Notre Dame (19-8) at Las Cruces, N.M.

• Far West: UCLA (24-3) vs. Montana (21-6) and Nevada (16-7) vs. Arizona (22-5) at Portland.

• North: North Carolina (22-7) vs. Kansas State (21-8) at Fort Worth.

• Midwest: Michigan (22-5) vs. the East regional, Louisville and Maryland are expected to win in the Midwest and UCLA and Arizona State are the choices in the Far West.

• Western: Advances to the regional finale Saturday, after winning the four survivors marching to San Diego for the national championship next week.

Whipped soundly by Indiana, is favored to defeat Central Michigan.

Other regional matchups, tonight include:

• East: North Carolina (22-7) vs. Syracuse (20-7) and Kansas State (19-0) vs. Boston College (21-7) at Providence, R.I.

# Eagles bomb Vikings 69-51

BY LARRY HOVEY  
Times-News Sports Editor

HUTCHINSON, Kansas — The bond around Hutchinson, Kansas, all week has been that the 34-1 Westchester Junior College Vikings of New York had never lost to a man defense.

The Vikings had won 10 straight, but had lost the all New York team to defeat.

Wednesday night, Westchester's Vikings ran in the College of Southern Idaho's Coach Boyd Grant, and his man to man game spearheaded by Andre Wakefield, and the Golden Eagles coasted into a 69-51 victory and the semi-finals of the National Junior College Tournament.

So devastating were the Eagles, that from a nine to nine tie, they raced ahead 31 to 10 with three minutes left in the half. And it was a fact that CSI did not let them score 51. The Eagles' biggest lead early in the second half at 19 to 12.

Wakefield was assigned to "Speedy" Don Ingram, and shut him out to such a degree that Ingram took himself out of the game on two occasions. His line in the box score showed only two fouls. Meanwhile, Gary Yoder took on their top scorer, Allen Thompson, and held him to 18 points through the first 30 minutes.

The Eagles played inadequately the first defensive game in CSI history and probably the best this tournament. They were up to a addition to Yoder and Wakefield, the front of the attack was mostly Dwight Boyles, Romeo Davis and Tom Trotter.

Davis was spectacular on the boards in the first half against all the black jumping jacks from Westchester. He had nine take downs in the first half when the Eagles were posting a 26-13 lead on the boards.

CSI, which can finish no worse than sixth will take Thursday of and return to the arena floor at 7 p.m. Friday, when they will meet the Utica, Mississippi Bulldogs. Utica, another all black team, and basically recruited from the Jackson, Mississippi area, is another formidable colossus.

They posted an easy 74-59 victory over Vin-

ceennes 19-15.

—By United Press International

George McGinnis of the Pacers, 121, defeated Kentucky 100-92. Denver defeated Virginia 124-108, San Antonio beat St. Louis 128-115 and Memphis topped San Diego 121-108 in other American Basketball Association games.

Stars 100, Cowboys 98. Wall Jones scored 14 of his 17 points in the fourth period in leading Utah over Kentucky.

Spurs 129, Squires 108. George Gervin scored 38 points, 22 in the first half, in leading San Antonio over St. Louis.

LeBron's Stars took control of the game when he held the Squires without a field goal for more than four minutes in the second period while building a 21-point lead.

Sounds 121, Q's 108. George Carter scored a season-high 37 points, 21 in the second half, to spark Memphis past San Diego. Steve Johnson added 26 points to the winners' total.

ABA Standings

By United Press International

HUTCHINSON, Kan. (UPI) — Alonso Bradley scored 24 points and Marcello Singleton added 21. Wednesday night, leading Utica, Miss., to an easy 75-59 triumph over 10th ranked Vincennes, Ind., in the second round of the National Junior College basketball tournament.

DeKalb held a 32-30 halftime edge, but was behind again with 23:00 to play. The Georgia club scored nine straight points, including Dickerson's jumper for the victory.

Dickerson led scoring with 35 points. David Purdue hit 29 for the Iowa team.

Utica upsets Vincennes 75-59

HUTCHINSON, Kan. (UPI) — Alonso Bradley scored 24 points and Marcello Singleton added 21. Wednesday night, leading Utica, Miss., to an easy 75-59 triumph over 10th ranked Vincennes, Ind., in the second round of the National Junior College Basketball Tournament.

Utica "produced" a 32-30 halftime advantage and never relinquished a lead through the second half. Guard Buckley Green paced Vincennes with 18.

Arizona Western wins in NJACC

HUTCHINSON, Kan. (UPI) — Al Green led a first-half scoring spurt as Arizona Western coasted to a 37-35 victory over Waukesha (Wis.) Wednesday in the first round of the National Junior College basketball tournament.

Green scored 19 of his 35 points before the intermission. Arizona Western held a 19-10 lead with 11 minutes left in the first period but stretched it to 32-35 by halftime.

Pat Spikes had 22 points for Waukesha.

## Team "played smart"

HUTCHINSON, Kansas — College of Southern Idaho coach Boyd Grant said the Eagles beat Westchester Wednesday night because they played a smart first half and set the tempo of the game.

"We didn't let them play their game," Grant said. "We played extremely good defense, holding them to 29 percent from the field."

"I felt we dominated the boards, especially with Kenny Davis, Boyles and Wakefield in that department," he said.

"We know we have a real tough game this Friday against Utica," Boyles and Wakefield in that department," he said.

"We know we have a real tough game this Friday against Utica," Boyles said. "It is an extremely talented club with lots of size. They play extremely well together. It will be the best basketball game we have all year."

Coach Grant said the Eagles will have to play tough defense "to out-sell and out-tempo" them.

He said, "We are real proud of our team" for their performance tonight.

## Me & Ed's tips Koto's in MV Outlaw tourney

FILER — Two second round and three first round games were played Wednesday night in the annual Magic Valley Outlaw Basketball tournament.

In the first round games, Me & Ed's Pizza dropped Koto's Cafe 59 to 40. Jim Ferguson was high point man for Me & Ed's with 11 and George Thornton and Terry Newland had eight points each for Koto's. In the first game of the night, McWayne Realty drilled the Prospector-Pioneer 64-45. Former Filer-Pain Bruins' star Dennis Howser scored 21 points, 12 rebounding in the game. Ed's Wokstar had 16 points for the losers.

In second round games, Lymwood knocked off McWayne 12-11. Chaco game 44-41. Dan Meyer had 14 points for the winners and Lynn Galloway and Brad Scheele each had eight for McWayne.

Two Falls Third Ward beat Ed's and Joe's Stockade 56-48 with Don Johnson scoring 20.

Consolation games are set for 7 p.m. Saturday with the Championship game at 9 p.m.

Consolation finals are set for 7 p.m. Saturday with the Championship game at 9 p.m.

Sheridan eliminated

HUTCHINSON, Kan. (UPI) — Lake Land of Marion, Ill., led by Mark Hayes with 20 points, eliminated Sheridan, Wyo., 89-71, Wednesday night in the losers bracket of the national junior college basketball tournament.

It was Sheridan's first trip to the double elimination tourney.

The Generals went home with a 22-10 record for the season.

OPEN DAILY 10-10; SUNDAY 11-6

municipal course. Final sign-up day for that event is April 14.

On April 26 & 27, the annual Twin Falls Two-Man Best Ball tournament will be played Saturday night, April 26, will be the Tee-Off dance at the Twin Falls Elks Club, sponsored by the Men's Golf Association.

## NFL owners make new rule changes

HONOLULU (UPI) — NFL club owners, trying to get more touchdowns and faster field goals, have ditched the 50-year-old rule requiring that an incomplete pass into the end zone on fourth down move the ball back to the 20-yard line.

Under one of eight new rules changes announced Wednesday, the ball will be returned to the line of scrimmage.

"The old rule discouraged passing for touchdowns. Teams took the field goal instead, because if they passed from inside the 20 and missed, they'd lose yardage," NFL Executive Director Jim Kentil said a news conference during the meeting here of owners.

Under the old rule, an incomplete pass in the end zone on fourth down from inside the 20-yard line was ruled a touchback and went over to the defense at the 20. Now it will go over the defense at the line of scrimmage.

The owners, however, voted down a proposal that would have made a pass reception legal if the receiver had at least one foot in bounds, as in college play. NFL rules require the receiver to com-

plete the catch with both feet.

"We feel the two-foot thing is peculiar to professional football," Kentil said. "It's a participant talent that goes with the professional game, not with the amateur game," he said.

He said the clubs also retained the present rule for safety reasons.

As a player comes to the sidelines, he has to slow down in order to execute the reception with both feet in bounds.

ST. ANTHONY, Idaho (UPI) — A controversy over agricultural encroachment on winter range for elk, moose and deer is causing problems for farmers and conservationists in the St. Anthony area.

Ralph Colberson, wildlife expert, said the cumulative effect of agricultural encroachment in the Samm's Little Grassy Range land is destroying herds of elk, moose and deer by limiting the amount of forage.

He said, however, he has been receiving excellent cooperation from the ranchers and farmers in the area.

He said efforts are being made to survey crops and determine what the best use of the land will be.

He said problems in other areas of the state are not as severe as those for the land between the Snake River and the Lemhi and Hammer, but he noted that the farmers in the Southeastern Idaho area have been more cooperative in working to solve the problem as well.

## Unseld sparks Bullets over Celtics 97-80 in NBA action

By JOE CARNICELLI  
UPI Sports Writer

It's been a bad year for the Washington Bullets. Unseld proved that again Wednesday night as he returned after an eight-game absence to spark the Bullets to a 97-80 rout of the Boston Celtics in the battle between the league's top two winners.

The 6-foot-8 center, out with a broken finger, came off the bench in the second period to ignite Washington's attack. The victory gives the Bullets a one-game lead in the loss column over Boston in the race for the best record in the National Basketball Association and an \$80,000 payoff for finishing with the top league mark and the best record in the Eastern Conference.

Washington is 53-20 with nine games left. Boston is 51-22 with 10 games to play.

"It's a great feeling to have Wes on the floor," said Elvin Hayes, who took advantage of Unseld's presence to score a game-high 21 points. "It gives you more freedom to do things. You can get on the fast break and it's easier to get your shot."

"We wanted to use Wes tonight and he did well," said Bullet Coach K.C. Jones. "He was able to use his hand and he did the job without his hands."

He did well on the offensive boards.

"The finger didn't give me any trouble," said Unseld. "Last week I couldn't grasp the ball till the finger was put back in a cast. But there was no pain tonight."

"We just couldn't put the ball through the hoop," said

Celtic star Dave Cowens after Boston was able to connect on only 35 of 94 shots. "Of course, it was a big game but it's not going to put a lot of despair on the rest of the season. It was just one game."

In other NBA action, New Orleans downed Philadelphia 126-115, New York topped Phoenix 101-96 and Seattle ended Milwaukee 101-100.

Jazz 126, 76ers 115  
Pete Maravich had 36 points to lead New Orleans over Philadelphia. Aaron James added 30 points for the Jazz and Henry Bibby had 18. Fred Carter led the 76ers with 28 points while Billy Cunningham had 27 and Doug Collins 22.

FORECAST FOR FRIDAY, MAR. 21, 1975

**GENERAL TENDENCIES:** The daytime is not good for forcing any issues. It is a time for calmly working out your problems the best way you can. The evening is fine for developing new ideas that could increase abundance.

**ARIES (Mar. 21 to Apr. 19)** Take no risks during the day. Kin is not likely to agree with your ideas so get busy handling personal matters yourself.

**TAURUS (Apr. 20 to May 20)** Morning is best spent at regular routines. Don't neglect important communication in the afternoon. Strive for happiness.

**GEMINI (May 21 to June 21)** Show that you know how to handle money wisely during the day and gain the support of bigwigs. Avoid arguments at home tonight.

**MOON CHILDREN (June 22 to July 21)** You may feel frustrated during the day but conditions improve at night. Get rid of a bad habit you have. Be wise.

**LEO (July 22 to Aug. 21)** Don't permit some private worry to distract your day; carry through with an optimistic outlook. Take health treatments.

**VIRGO (Aug. 22 to Sept. 22)** Try to help a good friend who needs your help early in the day. Your intuition is working accurately now. Keep active.

**LIBRA (Sept. 23 to Oct. 22)** The evening is the best time to make an important decision where a career matter is concerned. Think constructively.

**SCORPIO (Oct. 23 to Nov. 21)** Forget a new appeal during the day and get busy on an important career matter. Don't take the advice a new contact gives.

**SAGITTARIUS (Nov. 22 to Dec. 21)** Make sure you keep promises you have made to others. Show mate you are a thoughtful person. Take it easy tonight.

**CAPRICORN (Dec. 22 to Jan. 20)** An associate is acting strangely now because through own work and all will soon straighten out. Be patient.

**AQUARIUS (Jan. 21 to Feb. 19)** Become more enthused about work you have to do and it will soon be behind you. Later join congenials for recreation.

**PISCES (Feb. 20 to Mar. 20)** A good day to make improvement on any creative ideas you have. Control your temper with mate and sidestep any arguments.

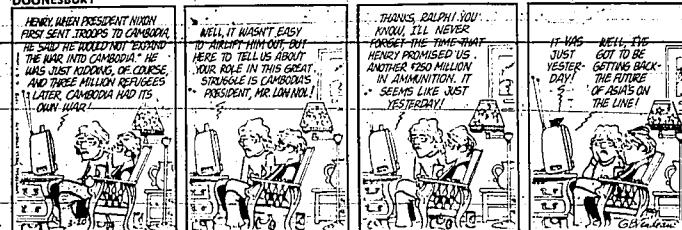

**IF YOUR CHILD IS BORN TODAY** . . . he or she may find it difficult to learn early in life, but once anything is learned it will never be forgotten. Upon reaching maturity there will be greater progress than expected. Give your progeny ethical and religious training early in life.

"The stars intend they do not compete." What you make of your life is largely up to YOU!

Some historians contend that Mao Tse-tung's army succeeded in taking over China mainly because of only three orders he gave to his soldiers. They were: 1-Do not steal anything, not even so much as a crust of bread, from the poor people. 2-Pay a fair price for whatever you buy. 3-Do not take any liberties whatsoever with the women.

**THE AVERAGE** 1-year-old knows three words. By 1 year 6 months that child knows 20 words. By age 4 said toddler knows approximately 920 words. But speaks as many as 12,000 per day, I'm told.

## MOVIES

Q. "In movies, what's a 'glass shot'?"

A. That's a camera shot taken through a glass slide on which is painted scenery. The trick photography boys blend it into the action in such a manner that it looks most realistic. Fifty-those glass shots cut out the need to build castles, farmhouses, all sorts of fake stuff.

**IF YOU ONLY** had enough money come Saturday night to go either to a good restaurant or a good movie, which would you choose? Politely put that query to numerous young folk in Paris, France. The men chose the restaurant, the girls said the movie.

**DON'T FORGET**, half the grownups in Switzerland can ski.

## FURNISHINGS

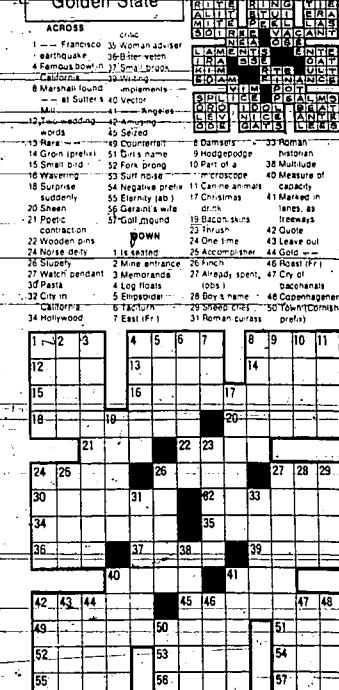

Mister, if you rather than your wife were furnishing your house, what changes would you make? Think I'd put a barrel full of sand next to the fireplace for an ashtray. Replace all the carpets with deck tile that could be washed down with a hose. Throw out those hand-painted plates on the kitchen walls next to the back door and mount a gun rack there. Set up a billiard table in the living room just about where the glass coffee table sits. And post a sign on the front porch for door-to-door salesmen "If what you're selling is pink, go away."

**IT WAS** the claim of the great love and war expert of yesterday, E. V. Durang, that the most spirited, hot-tempered and temperamental women are not redheads, but brunettes with jet black hair.

(Continued from p. 1)

and congressional opposition to the high cost of the project. Asked whether plans are changed, a CIA spokesman had no comment.

The submarine incident will be a subject of House and Senate debate now under way on American intelligence operations.

Sen. Frank Church, D-Idaho, chairman of the Senate Intelligence Committee, said the incident showed need for a closer watch of the CIA's budget, which is never published and is known only to members of certain congressional committees.

"There has to be a limit on how much is spent on intelligence," Church said. "If we are prepared to pay Howard Hughes \$10 million for an obsolete Russian submarine, it's little wonder we are like this."

He said the impact of the disclosure on defense "depends on how the administration handles it."

Sen. John Tower, R-Tex., vice chairman of the intelligence committee, said the money was well spent and that the mission "would provide us with some extremely valuable intelligence."

Rep. Bella Abzug, D-N.Y., called it a "disgraceful waste of money."

"The CIA has long considered itself a supergovernment, but I think we in Congress are going to change that," she said.

Rep. Melvin Price, D-Ill., chairman of the House Armed Services Committee, said he doubted the disclosure would hurt defense.

"They (the Russians) are practical people," he said. "If the situations had been reversed, they would have tried to find out all about us."

Rep. Donald Fraser, D-Minn., and Edward Blester, R-Pa., both members of the House International Relations Committee,

said the cost would be justified if the CIA gained some valuable information.

Fraser said another attempt to recover the rest of the sub "would not be out of line if there is valuable information still available."

Rep. G.V. "Sonny" Montgomery, D-Miss., a member of the House Armed Services Committee, said the effort "costs too much money" and "it's not worth it to try to get the rest of it."

Sen. Jacob K. Javits, R-N.Y., said the incident "teaches us that the CIA has been an agency of government that has been practically autonomous. We have got to fashion means to supervise and monitor everything it does and see that it is authorized by Congress."

## New Thai leader wants US ouster

BANGKOK (UPI) — Parliament has approved the appointment of Prime Minister Kekri, Pramoj, ending two months of chaotic politicking that followed Thailand's first free election in 19 years.

Kekri, 72, said today he will use the United States to stop the shipment of arms and ammunition to Cambodia from American bases in Thailand.

"Humanitarian aid from here will go on, but not the military aid," he said.

The vote of confidence passed by a bare margin of seven votes Wednesday after the actor-turned-politician promised to get all U.S. troops out of Thailand within 12 months.

Kukrit, 70, played an Asian prime minister in "The Tigris," an American, won the endorsement of a left-wing party coalition with his promise.

His government was the second considered by the national assembly since the January elections, when 22 parties won seats in the legislature.

Three weeks ago, Kukrit's brother, Sen. Sent, failed to win the constitutionally required vote of confidence, forming his own coalition. He had promised to get all 25,000 American troops out of Thailand.

The leader of the Social Action party, the new prime minister, and Energy Research and Development Administration task force said the government will also compensate him for "immunizing" potential underground pipelines across the country, he said June 30.

Task force officials said the new program is designed to develop several underground shale processing techniques for possible commercial use by 1980. They said the effort might cost hundreds of millions of dollars and asked congressional approval for \$14.5 million in fiscal 1976.

Underground processing would presumably cause less environmental damage than conventional mining.

WASHINGTON (UPI) — The government should hasten its efforts to find ways of extracting oil and gas from shale deposits without digging underground for the oil-bearing rock, a federal task force said Wednesday.

The joint Interior-Department and Energy Research and Development Administration task force said the government will also compensate him for "immunizing" potential underground pipelines across the country, he said June 30.

The task force officials said the new program is designed to develop several underground shale processing techniques for possible commercial use by 1980. They said the effort might cost hundreds of millions of dollars and asked congressional approval for \$14.5 million in fiscal 1976.

Underground processing would presumably cause less environmental damage than conventional mining.

WASHINGTON (UPI) — The two men spoke out today after the Senate voted Wednesday to strip \$59 million from the \$499 million proposed for Indochina reconstruction in this year's foreign aid appropriations bill.

"We're returning to isolationism and we will pay severe penalties for it," said Scott.

### LEGAL NOTICE

#### NOTICE OF APPLICATIION FOR WATER PERMIT

Notice is hereby given that Carl & Donald F. Buhl, P.O. Box 207, Buhl, 83301 has on 4/27/75 submitted Application No. 100-1475 for a water permit to use 17.7 cubic feet per second of water from groundwater by means of well #1, located in Section 24, Twp. 15, Sec. 14, B.M. Twin Falls County to be used from March 1, 1975 to November 15 for irrigation. S.E. Sec. 24, T. 95, R. 14, E.M.

If issued, this permit will be subject to all prior water rights existing in the area. This permit must be filed with the Idaho Department of Water Resources, P.O. Box 207, Buhl, 83301 on or before March 31, 1975.

## Meet to discuss street expansion

**TWIN FALLS** — A public meeting has been set April 3 to discuss the tentative plans by the Idaho Division of Highways to widen Second Avenue West and South this summer. The widening would mean most of the trees along the highway would come out, according to Howard Johnson of the highways division.

The meeting, sponsored by the division of highways, Idaho Department of Transportation, will be held at 7:30 p.m. in city hall.

Johnson said the street would be widened to about 60 feet from Washington Street to Minden Avenue, with construction tentatively to begin late this summer.

Second Avenue West and South now varies from about 35

feet wide, curb to curb, to about 60 feet wide.

The road would be realigned and a new surface laid, Johnson said.

The project, which has been "on the program for several years," is designed to handle the estimated traffic in 1997, Johnson said.

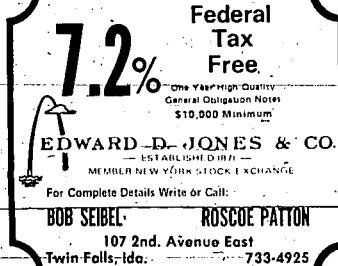

At present about 9,600 vehicles per day travel on Second Avenue South and West, he said, with a per-day vehicle count estimated at 12,500 for 1997.

By comparison, about 17,000 vehicles travel on Blue Lakes Boulevard North from North Five Points to Falls Avenue each day.

All interested persons are urged to attend.

**Ceremony attended**

THE Lincoln County swimming pool ground-breaking ceremony held at 9 a.m. Monday drew interest from citizens of the county. City officials from Spokane and Dietrich and members of the Rotary Club and other interested persons watch the first clods turned up in the 25 degree weather as Uri Pools, Ketchum, began digging for the pool site.

## Family saved by bell

CHARLESTON, W. Va. (UPI) — A doorbell apparently jammed by a house fire kept ringing Tuesday and awakened a family of three in time for their safe escape from the burning home.

Flames and smoke caused an estimated \$40,000 damage to the house of Edwin O. Perry, 48, authorities said.

Perry, his wife, Joan, 42, and their son, Tim, 1, fled to safety.
